# CAN ENDS

Blue Label Packaging supplied ends are compatible with Crown cans. Ends come in packs/sleeves of 580 for LOE and 620 for ISE.

---

## LARGE OPENING ENDS (LOE 202/B64)

- Most commonly used option
- “10 State” redemption program
- Convenient pull-tabs
- Ergonomic openings
- Available in silver with silver tabs, black with black tabs, or gold with silver tabs.

## INTERCHANGEABLE SUPEREND (ISE 202)

- Interchangeable so it may be possible to run on the same seamer tooling as other designs.
- “10 State” redemption program
- 10% less metal than traditional designs
- If you are currently using CDL+ ends, this is the best alternative since it typically uses the same tooling on the seamer.

## NON-STANDARD COLORED ENDS

- Available in LOE and ISE
- Lead time varies by color but expect an additional 60-90 days.
